

Company AGEL is the largest private healthcare provider in Central Europe, which has been also operating via its subsidiary, AGEL SK, in Slovakia since 2006. Our company operates hospitals, outpatient clinics, distribution companies, NGOs, and a research entity. With their results, our healthcare facilities rightly belong among the absolute top both within the European Union and the world.

AGEL in numbers:

- 15 hospitals
- 7 outpatient clinics
- 5 300 beds
- 170 000 in-patients per year
- 2 000 000 out-patients per year
- 9 218 employees

Possibilities for Research Collaborations

We are looking for partners and/or coordinators for international research projects. We offer:

- Research experience
- Access to a diverse pool of end-users
- Team of world class specialists in the fields of Oncology, Biochemistry, Cardiology, Paediatrics, Geriatrics, Neurology, Gastroenterology, Internal Medicine, Ortopaedics, Surgery, and more
- Ability to cover projects from the research stage to market implementation
