### **Short description**

In our school we have children with several mental issues (mainly moderate, severe and profound retardation).

School was found at 1968.

We are currently taking care of over 200 children (age 7-25)

### **Programme call**

Erasmus Plus (Strategic partnership)

### **Project title**

The title we invent after analyzing the expectations of all partners

### **Description of project idea, incl. theme and activities**

We want to gather a group of schools educating children with mental issues (mainly moderate, severe and profound retardation) in order to exchange information and solve problems. Each school has something to be proud, but asks for help in different matters. In the project we will boast and solve problems together. Our students will be important piece of project. We are planning among other things, their joint conversation of AAC.

## **Foreseen project duration**

Two or three years (begin 2015)

## **Deadline**

End of January 2015; We have to change the information, in order to have the time to prepare a good application for financing our partnership.

## **Describe the type of partners you are looking for**

Schools dealing with children with mental issues (mainly moderate, severe and profound retardation).

Country – all

## **Partners' role**

All participants of the partnership have the same roles; exchange of information, reporting topics for discussion, praising the achievements, advise of other partners, visiting and invitations partners to himself.

## **Any information which would be of interest to your partner**

We can boast the use of AAC, editions of PCS-system newspaper and e-books, artetotherapy and cooperation professionals working with children.
